Project Release Plan

Driving Tracker

- **Problem**
 - In a group outing, who should drive?
- **Goal**
 - Distribute driving duties fairly among a group

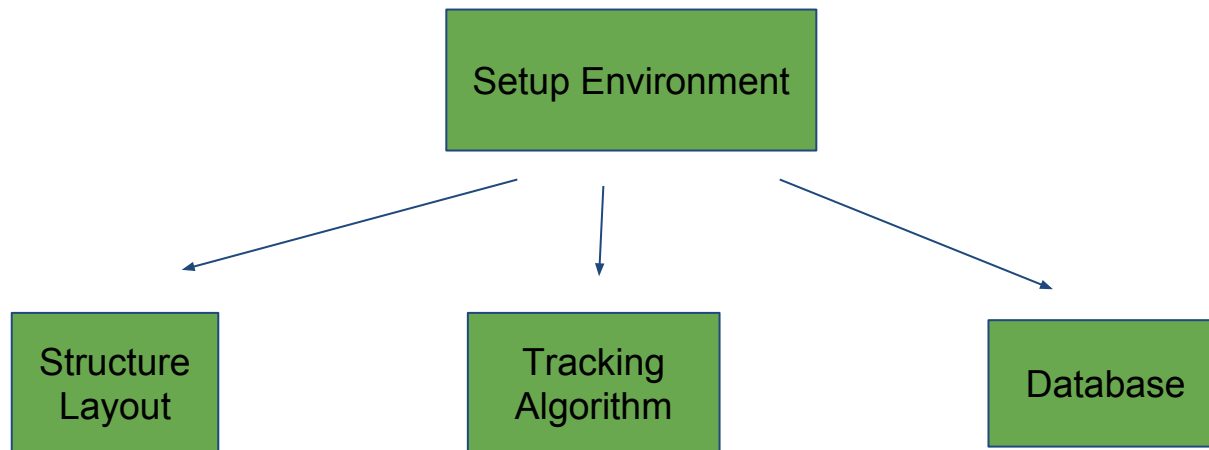

Driving Tracker

Sprint 1 user stories As a user, I want to know how much everyone has driven so that the driving duties are distributed equally

Sprint 2 user stories As a member of the group, I want to know who is driving before the car starts so that no time is wasted deciding

Sprint 3 user stories As a non-vehicle owner, I want to know how much I owe the other drivers so that I am paying my fair share.
